In consultation with your academic advisor, please select the classes you would like to take. Your advisor must sign the form at the bottom to indicate that approval has been granted. Additionally, if you wish to get specific credit for the courses taken, please discuss this with your advisor and outline below what course equivalents might apply and if the course will be accepted for upper division credit.

### Spanish Language Studies:

\_\_\_\_\_ Semester Program (180 hours)

\_\_\_\_\_ Intensive Short Term Program (60 hours)

### Course Selection

Placement in language courses will be based on prior level of Spanish language study completed (number and level of university Spanish courses), life experience using Spanish, and a language placement exam. SAOA will work to ensure that each student is placed in the appropriate language level. In addition, we recommend that home universities grant students credit for the next level of Spanish that they would have completed if they had stayed on their home campus.

### Language courses

Five levels of Spanish Language Studies are offered. In consultation with your academic advisor, please select the appropriate class for you. Mark only one. Make any comments you and your advisor feel are pertinent in the space provided below the language course offerings.
